

print | copy | scan | fax | email

Multifunction simplicity designed for you... now with colour

WorkCentre® 7132

The Xerox WorkCentre 7132 multifunction system is the affordable transition to the next level of productivity for your office. One easy-to-use device offers powerful printing, copying, scanning and faxing. The WorkCentre 7132 also gives you colour when you need it, for critical documents and for added impact. Robust functions, straightforward operation and colour within your budget – that should keep everyone productive.

All-in-one device that meets your office needs

The WorkCentre 7132 multifunction system gives you all the features you need to keep your business productive – print, copy, scan and fax – all with colour capability.

- Print and copy black and white at a productive 32 ppm. Colour prints at a steady 8 ppm.
- Configure it your way. Print and copy are standard. Add scan, email, fax, finishing and other options to suit your needs.
- True 1200 x 600 dpi resolution in black and white and in colour for maximum impact.
- Plenty of power to perform multiple tasks simultaneously.
- Supports a range of media, including heavyweight and speciality papers.
- Scan hard copy documents directly to multiple destinations including email, network and desktop.
- Compatible with Xerox SMARTsend™ scanning solutions which provide additional workflow creation with added Optical Character Recognition (OCR) capability.

Get all the features your busy office needs to stay productive.

Customise the screens with the features you use most, such as scan to email or copy.

Convenient access to advanced functions such as network scanning, copy, fax and email.

Quickly view the status of any job.

Easy to use security and colour cost accounting.

Performance you would expect from a workgroup black and white product

With its superb printing productivity and quick first page out time, the WorkCentre 7132 is also easy to use, easy to configure and easy to maintain.

- Intuitive user interface gets you started right away. You can even choose what functions to display.
- State-of-the-art Smart Kit™ technology reduces downtime by warning you ahead of time of any potential problems with the device.
- Three output trays allow print, copy and fax jobs to be separated for easy retrieval.
- Dependable paper handling. Smart paper trays automatically sense the paper size when you add paper.
- Easily programmable Job Flows can automatically route documents to multiple electronic destinations, making information immediately available to others.
- Powerful management tools provide everything you need to easily manage and monitor the device from your desktop.

Two finishing options

Compact Integrated Office Finisher staples sets up to 50 sheets in a single corner position.

Robust Office Finisher staples sets up to 50 sheets in three selectable positions.

Security at all points

Xerox is committed to helping you meet your security needs. Our system, software and solutions are designed with features that allow you to select the level of security that is right for your office.

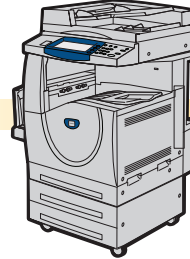

Worried about your data? Who isn't? The WorkCentre 7132 has plenty of standard security features to keep your confidential data safe no matter which function you're using: print, copy, scan or fax.

Document

- Business Critical
- Confidential
- Personal

Device

- Disk Overwrite
- Device Access Password Protection
- Encrypted Disk Drive
- Analogue Fax and Network Isolation
- Secure Print

Transmit

- Encrypted Scan to Email
- Password Protected PDF
- Secure Fax

Network

- Network Authentication (LDAP)
- IP Address Filtering
- Port Blocking
- Domain Filtering

Truly affordable yet rich with features

The WorkCentre 7132 supports a host of powerful and value-added features that increase your office efficiency and help you save money.

- Make the move to high quality colour with breakthrough Xerox EA-HG toner, and other advanced technologies, to produce crisp 1200 dpi resolution and ensure that every print is as good as the first.
- Secure scanning capabilities that let you send confidential documents via the network instead of using expensive and slow courier services.
- Cost saving features like automatic two-sided printing and copying are standard.
- Scan documents to private or public mailboxes for storing on the device. Retrieve and reprint later or transfer to your desktop.

Powerful cost management solutions

- Access to colour options can be password-protected or granted to specific users or groups – you're in control of who uses it. Access to the entire device or specific functions can be limited by password or PIN.
- Colour usage can be controlled from driver level selections and defaults.
- The internal Auditor controls and tracks usage of print, copy, scan and fax features.
- Usage reports can be printed at the device or downloaded over the network.
- Open architecture design allows for easy integration with optional cost accounting solutions from Xerox Alliance Partners.

WorkCentre® 7132

Start

with full-featured network printing and copying in both black and white and colour.

Add

functionality to suit your needs and give you maximum benefit from one easy-to-operate device.

Flexible to fit your business
