## axisfirst Training CYBER SECURITY

Training the human firewall with a cyber security awareness course from axisfirst.

### WHY CHOOSE AXISFIRST CYBER SECURITY TRAINING?

Conduct baseline training

Phish test your users

Measure & analyse results

#### 1 Identify

Develop the organisational understanding to manage cyber security risk to systems, assets, data, and capabilities.

#### 2 Protect

Develop and implement the appropriate safeguards to ensure delivery of critical infrastructure services.

#### 3 Detect

Develop and implement the appropriate activities to identify the occurrence of a cyber security event.

#### 4 Respond

Develop and implement the appropriate activities to take action regarding a detected cyber security event.

#### 5 Recover

Develop and implement the appropriate activities to maintain plans for resilience and to restore any capabilities or services that were impaired due to a cyber security event.
